

Steps to login to enhanced Business Online Banking

To login, please Navigate to www.nbofi.com.

1. Click on the brown **Log In** button in the top-right corner.
2. Click on Business Online Banking.
3. Under Select Your Login, Click on the drop-down.
4. Choose **Business Online Banking**.
5. Enter your Business Online Banking ID, then Click **Log In**.
6. It will redirect to the new login screen where you will be prompted to enter your password.
7. You will be directed to setup Two Factor Authentication if you have not done so in the past.

The screenshot shows the homepage of The National Bank of Indianapolis. At the top left is the bank's logo. To the right are search and location icons, a 'Menu' button, and a 'Log In' button. The main banner features the text 'Access your accounts.' and 'THE NATIONAL BANK OF INDIANAPOLIS'. Below this, there are two radio button options: 'Personal Online Banking' and 'Business Online Banking', with the latter highlighted by a blue box. Underneath is a 'Select Your Login' dropdown menu, also highlighted by a blue box, which is currently set to 'Business Online Banking'. A blue arrow points to a user icon in the bottom left corner, which has opened a menu with options: 'Business Online Banking', 'Treasury', 'Lockbox', 'Remote Deposit Capture', 'Credit Card Business', and 'Credit Card CFO Tools'. A blue double-headed arrow indicates the connection between the dropdown menu and the 'Business Online Banking' option in the 'Select Your Login' dropdown. Below the dropdown is a text input field for the 'Business Online Banking ID'.
