## Establishing Login Credentials

Next you will establish a 2-step verification method to help keep your account access secure, select **Get started**. Then choose your verification method; either **Voice or text message**, **Security Key** or an **Authenticator app** of your choice.

Based on the chosen verification method, follow the prompts to complete setup.

### Protect your account with 2-step verification

Each time you sign into your account on an unrecognized device, we require your password and a verification code. Never share your code with anyone.

-  **Add an extra layer of security**  
Enter your password and a unique verification code.
-  **Keep the bad people out**  
Even if someone else gets your password, it won't be enough to sign into your account.

Get started

### Choose a verification method to set up

 **Voice or text message**  
Verification codes are sent to your phone. Message and data rates may apply.

 **Authenticator app**  
Use an authenticator app to generate a unique verification code. Any app that supports manual code entry can be used.

 **Security key**  
Use your security key to sign in securely anytime you sign in from a new computer or device.

### Let's set up your phone

Provide a phone number that we have on file. On sign in, this number will be used to contact you with a unique verification code to confirm it's you. Message and data rates may apply.

### User agreement

ONLINE BANKING SERVICES AGREEMENT

Definitions:

1.1 The terms "you," "your," "authorized user," and "account owner" refer to the account owner, authorized signers, or individuals authorized by the account owner to access Online Services. The terms "we," "us," and "our" refer to The National Bank of Indianapolis, the financial institution.

1.2 "Account" refers to your account(s) with us that you have designated for Online Services access and that we allow to be included under these Online Services. The type(s) of account that may be designated for Online Services include consumer deposit accounts, such as Checking/Share Draft, Savings, NOW, Money Market, and Certificate accounts. You must be an account owner/authorized signer for each account that you designate and each account must permit withdrawal by a single signer.

1.3 "Login Credentials" refers to a user ID and Password that will give you access to your Eligible Accounts through the Service. These can be changed within the Service. We recommend that you change your Password regularly. We are entitled to act on instructions received under your ID and Password. For security purposes, it is recommended that you memorize the ID and Password, do not write them down, and do not store them on your PC. You are responsible for

I have read and agree to the terms of service.
