

The National Bank of Indianapolis
Job Posting: Portfolio Manager and Analyst
with investment division
[Diamond Capital Management](#)

A Stable and Growing Employer

The National Bank of Indianapolis is the largest, locally owned, national bank in greater Indianapolis. Since opening our doors in 1993, we have grown from 18 employees to more than 300 employees. Our strength and success in serving the local market is directly attributable to our talented staff. With upwards of 90% or greater staff retention year after year, and with highly competitive compensation and benefits, our staff enjoy a sense of stability not always experienced in the general work environment, as evidenced during the global pandemic and other notable events that caused many employers to reduce staff and benefits. Our benefits include but are not limited to: medical/dental/vision/life insurance, vacation, personal time, holidays, tuition reimbursement, 401(k), profit sharing, and wellness benefits.

Who We Are Looking For

The National Bank of Indianapolis has assembled a diverse team of talented staff by hiring only the best, whether highly experienced professionals or those just entering the workforce. We are looking for those who are committed to delivering superior service to our clients and superior teamwork to their coworkers. Along with the relevant knowledge and experience, The National Bank of Indianapolis requires its employees to have both a high degree of professionalism and a commitment to excellence.

How to Apply

JOB POSTING

Position: Portfolio Manager and Analyst with Diamond Capital Management

Purpose of Position: Incumbent manages a portfolio of investment accounts, meeting regularly with clients and prospects to cultivate positive relationships, deliver superior customer service, and attract new clients. General portfolio management includes analyzing and making recommendations for stocks, bonds and outside money managers; duties may also include specific responsibilities in one or more of the following investment areas: municipal bond, taxable bond, mutual funds, and stocks.

Essential Functions:

- ◆ Conduct meetings with clients and prospects, facilitate risk assessments and discuss individual financial goals to ensure that proposals address investment priorities
- ◆ Cultivate and maintain positive relationships with clients through regular, proactive contact, client events and Bank entertainment opportunities (during normal business hours as well as after hours), and routine follow up, ensuring adherence to the Bank's Culture of Excellence
- ◆ Educate clients and prospects regarding asset allocation considerations and models that are available to achieve desired financial outcomes
- ◆ Meet with prospects to attract new business and assist in achieving division financial goals
- ◆ Participate in client meetings no less than annually to evaluate account performance against the client's financial goals
- ◆ Manage client investment portfolios to achieve client goals
- ◆ Maintain current knowledge of developments in portfolio management and the financial markets
- ◆ Analyze stocks, bonds, and outside managers and contribute actively to the Investment Committee
- ◆ Actively support compliance with all applicable laws, regulations, and internal policies of the Bank, the Wealth Management Division, and Diamond Capital Management (DCM)
- ◆ Promote the Bank's image in the community by participating in community activities, coordinating community development efforts, and promoting involvement and participation in community service organizations to present a favorable image in the community and establish contacts that could generate new business
- ◆ Serve on Wealth Management committees, as assigned

Depending on area of specialization, Essential Functions may also include:

- ◆ Coordinate equity analysis resulting in maintenance of the DCM working list
- ◆ Initiate additions and deletions to the DCM equity working list resulting from careful and diligent equity analysis
- ◆ Coordinate DCM mutual fund approved and working lists
- ◆ Make recommendations regarding portfolio construction to the Investment Committee
- ◆ Write or edit investment commentaries as needed

Requirements:

- ◆ College degree in related discipline and/or equivalent years of experience in the industry
- ◆ Minimum of five years of experience working in wealth management/portfolio management and obtained or pursuing advanced degrees/designations (ex: CFA, CMT, CFP, CAIA, MBA, etc.)
- ◆ Ability to work with minimal supervision; self-motivated and self-directed
- ◆ Demonstrated aptitude for building relationships and developing business opportunities
- ◆ Excellent interpersonal and customer service skills
- ◆ Proven ability to communicate accurately and with clarity, professionalism, diplomacy and tact (verbally and in writing)
- ◆ High degree of accuracy and demonstrated attention to detail
- ◆ Ability to interpret data and solve problems; ability to organize and prioritize tasks
- ◆ Computer proficiency, especially when using investment (ex: Bloomberg, Factset, Morningstar), trust and banking systems; proficiency with the Microsoft Office suite of applications is highly beneficial
